**Prior to your Kamper's arrival at Kanakuk please complete the steps listed on this required form. Be sure to have this form available for check-in at Kamp.**

14DAYS

**14-DAY SELF-QUARANTINE:**

Immediately before your child's arrival at Kanakuk, we ask that Kampers complete 14 days of self-quarantine to reduce their risk of exposure to COVID-19. By self-quarantine, we mean limiting exposure to non-family members, wearing a face mask around non-family members, avoiding large crowds/gatherings, and limiting unnecessary travel.

**Please check off each day of self-quarantine completed below:**

7DAYS

**DAILY TEMPERATURE CHECK:**

As part of your partnership with us, for seven days prior to your child's arrival at Kanakuk, Kampers **must** record their temperature. For your convenience, we've provided spaces below, and recommend you check and record your child's temperature at the same time each day.

The health and safety of our Kampers is our #1 priority. In light of the COVID-19 pandemic, we think it is important that you understand our efforts to manage your Kampers health and safety so that you can make an informed choice. We are focused on taking all reasonable measures to prevent the spread of COVID-19 in our Kamps. We have strengthened our standard cleaning procedures, while adding increased frequency measures for things such as wiping down common touch points, dining hall areas, and activity equipment. Additionally, we have taken measures to monitor and address symptomatic Kampers by introducing this pre-Kamp health screener, daily temperature checks, and protocols to isolate, confirm, respond, and remove any Kamper or staff with suspected COVID-19.

**You can view more measures we're taking by visiting [kanakuk.com/child-health-safety](https://www.kanakuk.com/child-health-safety).**

This situation continues to change daily, and as such, we will adapt and adjust our protocols and procedures as we follow the guidance provided by the CDC and local health departments, in our efforts to help keep our Kampers, staff, and families safe.

Ultimately, the choice for your child to attend summer camp at Kanakuk is a personal one, and you are in control. If you are uncomfortable with the risks of COVID-19 in a summer camp setting, having to travel to one of our locations, or having your child interact with our staff and other Kampers, we have several options available to you, including a full refund or moving your child's term to Summer 2021.

**I CONSENT TO THE ABOVE DISCLOSURE FOR SUMMER 2020**
